Underwritten by: BCS Insurance Company

This policy provides short term limited duration coverage and therefore is not subject to The Patient Protection and Affordable Care Act (PPACA) requirements.

Policy terms and conditions are briefly outlined in this Description of Coverage. Complete provisions pertaining to this insurance are contained in the Master Policy on file with the iEES trustee and the Subscriber. In the event of any conflict between this Description of Coverage and the Master Policy, the Policy will govern.

Coverage begins at 12:01 AM on the effective date (please refer to the ID card). Thereafter, the insurance is effective 24 hours a day. Coverage will terminate on the earliest of the following dates: (1) the date the Master Policy terminates; or (2) the premium due date for which the required premium has not been paid; or (3) the date on which the Covered Person ceases to meet the eligibility requirements; or (4) the date the Covered Person requests cancellation of coverage. Coverage will end 12:01 AM on the last date of insurance.

An eligible participant may enroll his eligible dependents on the date the eligible participant enrols for coverage, within 31 days from the date that the eligible dependent arrives in the country of assignment, or within 31 days of the date they were legally married. Newborn children must be enrolled within 31 days after their date of birth or placement for adoption.

COVERAGE OF NEWBORN INFANTS
A newborn child of an eligible participant will automatically be a Covered Person for 31 days from the moment of birth, if the birth occurs while the coverage is in force, and subject to the particular coverages and amounts of insurance as specified in the Policy for eligible dependents. In order to continue the coverage of a newborn child beyond the 31st day following the date of birth, (1) written notice of the birth of the child must be provided within 31 days from the date of birth, and (2) the required premium (if any) must be received by Us. If (1) and (2) above are not satisfied, coverage of a newborn child will terminate 31 days after the date of birth.

DESCRIPTION OF COVERAGE
